

Parking Reminder

Please do not park on the cul-de-sac when dropping your children off and collecting from school. In addition to causing a hazard for our pedestrian families who often have to walk in the road, it is causing difficulties in the immediate area. We appreciate the weather was particularly unpleasant today, but we have had parents blocking the drives of local residents and being abusive when asked to move vehicles. One of our neighbours could not get off his drive today to go to work due to inconsiderate parking. It is important for the school to foster good relations with the local community and we would appreciate your support in this.

Food donations

As part of their topic, year 5 are collecting donations of food to support local charities. Please support them with this worthy cause. We are accepting donations until Wednesday 29th September.

Open the Book and Assemblies

Next week we are looking forward to welcoming back the drama group from St Andrew's Church who come to deliver assemblies to the children once a half term. These assemblies involve re-enactments of stories from the Bible and support our school ethos of caring for each other and being kind and respectful. These assemblies also support our wider RE curriculum which covers all faiths, each of which is celebrated in whole school assemblies as well as in lessons. We have had previous enquiries about these assemblies and children are not required to pray or sing hymns although there is time for reflection about the message of the story. If you have any questions about these assemblies, please do not hesitate to ask Mrs Wade.

We are always happy to welcome visitors to talk with the children so if you or any of your friends and family would like to deliver an assembly, please ask at the office. Geoff from Wombles in Litter Education will be visiting soon-updates to follow!

My New Term

All schools in Discovery Trust are now using a company called My New Term to advertise vacancies. Jobs will also be advertised on our twitter feed @fossebrookps, website www.fossebrook.org.uk and through all Discovery platforms. Please tell your friends and families about this new site.

Move it Boom!

We are encouraging children to get active by taking part in “Move It Boom” which starts on Monday 4th October. Children can log any exercise that they do and earn points for the school and be in with a chance to win some great prizes. The website is <https://leicester.moveitboom.co.uk/> and it has lots of great ideas for getting active in different ways. Children need to create a username and password on the site and choose Fossebrook from the dropdown menu of schools. Please supervise your child when logging on and remind them of safe use of the internet. Registration opens on 4th October.
